## Brunswick All-Stars Roll Against Flor de Knispels of St. Paul

Toledo, March 11.—When the five-man teams went on the alleys in the American Bowling congress tournament tonight the crowd of spectators was so large as to endanger the fence separating the bowlers from the spectators. The large gallery was brought out by the appearance of the Brunswick all-stars of New York city, winners of the event in 1912, who were scheduled to roll against the record-breaking score of 5000 made by the Flor de Knispels of St. Paul last night. Harry Muggley, manager of the Flor de Knispels, who was to have rolled today with his team-mate Dornfeld in the two-man event, was confined to his bed with acute indigestion. Muggley was ill last night when he helped his team to break a record.

The leaders were undisturbed by the scores made today in the individual and two-man events.

## GIMLIN'S TEAM TO BEGIN TRAINING

Joe Cohn will bring his Indians to Boise March 12 or 14 to begin the spring training. Bud Gimlin, has been ordered by Fred Bossner, president of the Boise club, to have his layout in town by April 1 ready for the season's work. Everything is ready for the opening of the Western Tri-State league. Saturday was the last day on which the clubs could put up their money and word has been received by President W. N. Sweet of the league that Pendleton has raised the price and are now ready for the season. Under the regulations laid down by the directors when they were in Boise each club was required to put up one-half of the salary limit before the opening of the season and every one of the six towns has now done this. Within two hours after the subscription list was started, La Grande had raised \$3000 for the expenses of the team the coming season. The other towns on the circuit are now ready for the opening of the league and have

made their expense accounts for the season's games. In each of them the fans have rallied to the side of the team and have contributed enough to put the league in first class shape for the expenses of the year and prospects are brighter this year for a successful season than before, according to the league officials.—Boise News.

## CURLEY HEADS BIG BOXING COMPANY

Jack Curley is now at the head of one of the biggest fistic attractions ever gathered together to travel over the country and play one night stands. Unless they change their plans considerably, Butte will have an opportunity to see the aggregation in April. In the company are Luther McCarty, Johnny Kilbane, Packey McFarland, Jimmy Clabby and Johnny Coulon, which will permit the public to see the white heavyweight champion, the featherweight champion, the bantamweight champion, the best 135-pound boxer in the country, and one of the best 160-pounders now in the game.

## ATTELL THINKS HE CAN "COME BACK"

Abe Attell intends to disprove the "come back" gag on March 19 when he will meet Ollie Kirke, the St. Louis boy who made him quit some three months ago. The former featherweight champion says that he wasn't in shape to box when he met Kirke and that he was obliged to stop fighting because he was so weak he could not go any further. According to Abe Kirke did not hurt him a particle. If Attell finds that he still successfully performs in the ring he will go ahead and meet all comers with the hope of sooner or later getting a chance to

regain the title. If he is not "there" he'll quit the game for good and all.

## FLYNN OFFERED \$15,000 PURSE

An offer of a purse of \$15,000 to fight Bombardier Wells, at Calgary, Alberta, was received by Jim Flynn. The telegram was from M. E. Brick, and stipulated a twelve round fight, on April 7, at the Tommy Burns arena. Brick stated that the annual horse show will be in progress that week and that he already has Wells' signature to articles of agreement. Flynn expects to complete arrangements for the match by wire and will leave next week for Calgary, if they come to terms.

## BUD ANDERSON A 10 TO 9 FAVORITE

The scheduled twenty-round fight between "Knockout" Brown, the New York lightweight, and Bud Anderson of Vancouver, Wash., next Saturday promises to be the occasion for the heaviest betting that has characterized a boxing match here in some time. Preponderance of Anderson money, which came chiefly from Medford, Ore., has made the northwestern boy a 10 to 9 favorite, although most of the heavy bets have been made at even money.

## SUTTON WINS OVER C. C. PETERSON

St. Louis, Mar. 11.—George Sutton won from C. C. Peterson 403 to 332 and Calvin Demarest defeated Jose Ortiz 400 to 158 in the second day's play of the 18.2 balk line billiard tournament being held here. In to-

night's game, Sutton ran 236 in his ninth inning and Peterson 144 in his tenth. Sutton's average was 45.4 and Peterson's 33.2. Demarest averaged 26.10-15 and Ortiz 12 8-15.

## MINIMUM WAGE BILL IS PASSED

The house yesterday forenoon, after a long discussion, passed the bill providing a minimum wage scale for women. The bill specifies that minors are not to receive less than 75 cents a day; apprentices, for one year, not less than 90 cents, and experienced women not less than \$1.25 a day. By the insertion of the word "regular" before the word "employment," it was stated on the floor of the house that the operation of the bill would not affect domestic service. The vote by which the bill passed was 26 to 16. Barnes, who is opposed to the measure, changed his vote to "aye" and gave notice of a motion to reconsider, which has the effect of delaying the bill for another day.

The bill is numbered 212. It was introduced by the committee on labor, after that committee had considered two other bills, one the successor of the other, providing for the creation of a minimum wage commission for women. Those bills were Nos. 21 and 106. Both were withdrawn.

No. 212 was prepared by a committee representing manufacturers, department stores and laundries. The bill was agreed upon at a meeting held at the Commercial club, and was submitted to the women who are behind this sort of legislation. When it became apparent that a bill creating a commission would fail, No. 212 was introduced as offering the only available means of establishing the principle of the minimum scale.

When the bill came up for consideration in the house yesterday, Hooper of Weber moved to strike out the enacting clause. After an hour's discussion the motion was defeated, 15 to 21.

High Life In Stores  
Day of Iron, Cardon of Cache, Kriebel of Salt Lake, Marchant of Summit, Monson of Sanpete and several others spoke against the bill. One of the opponents said he was in favor of keeping the country girls on the farms and was opposed to them "living a high life in department stores."

"High life on 75 cents a day is going some," remarked a city member. Dr. Skoffield, Mrs. Cannon, Durham, Kimball and others spoke for the bill, in addition to Page of Platte, who made the most telling and logical argument in its favor. Page took a fling at those members who, in opposing the bill, dwelt at great length upon their love for the working girls and working women of this state, yet who voted against it.

"Every member who has opposed this bill, practically without a single exception," declared Page, "has prated about his love for the working women of the state, but they set up the same argument they set up two years ago when the nine-hour bill was up. They say that the passage of this bill will be very bad for the working women because it will immediately close down factories, shut up stores, close offices and, in brief, put every industry and profession in this state wherein women find employment out of business. They made the same cry two years ago against the nine-hour law. Have you noticed any factories closing down, or any stores shutting up, or any offices drawing down their blinds? I should say not."

How They Voted.  
Rollcall on the bill showed the following vote:

Ayes—Bamberger, Bennion, Mrs. Cannon, Cook, Durham, Elwood, Hammond, Henrie, Jones, Judd, Kimball, Mrs. King, Loveless, McRae, Morris, Openshaw, Page, Oldham, Reynolds, Robinson, Dr. Skoffield, Southwick, Smith, Welling, Wilcox, Mr. Speaker—26.

Noes—Anderson, Barker, Barnes, Benson, Cardon, Christensen, Crouch, Despair, Day, Hooper, Kriebel, Marchant, Marriott, Monson, Swenson, Van Wagener—16.

Of these Hammond and Loveless at first voted against the bill, later switching to the "aye" column, in good faith. Barnes changed for the purpose of moving a reconsideration. The law is to be administered by the state commissioner of immigration, labor and statistics.

The house recently passed a bill providing that one of the deputies in the commissioner's office be a woman, and it is likely that, if the bill passed by the house yesterday, becomes a law, the details of its administration will be placed in the hands of the woman deputy. Such action would give the women an opportunity to collect data concerning women workers with which they could go before a future legislature and ask for further legislation along this line.

## PRINCESS LOUISE REALLY LOVES PRINCE OF CUMBERLAND, THEY SAY; WEDDING IN MAY

Princess Louise of Germany and Prince of Cumberland. It is rumored that Princess Louise of Germany, daughter of Kaiser William, really loves the Prince of Cumberland. Anyway, they're to be wed on May 24. A nice little villa is being prepared for them at Rathenow. The accompanying picture was taken of the couple since the announcement of their engagement February 10. Notice how they hold hands when out for a stroll.

## SAGE TEA BRINGS NATURAL COLOR TO GRAY, FADED HAIR

Mixed With Sulphur It Darkens Beautifully and Takes Off Dandruff

Almost every one knows that Sage Tea and Sulphur, properly compounded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents, which brings back the natural color and lustre to the hair when faded.

Some druggists make their own but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair. Folks like "Wyeth's Sage and Sulphur" because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly, says a well-known downtown druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever. A. R.
